Innovative Solutions

## Welding Bolt Plate™ Part # 3050

Made from 1/8" heavy-gauge steel.

Use this trouble-free plate to attach one piece of scenery to another. Weld the square end onto your steel scenery making sure that the rounded end with the hole is exposed. Now your other scenery can be bolted directly to the plate.

## Threaded Square Plate™ Part # 3010

Made from 1/4" heavy-gauge steel.

Pre-drilled and tapped for a 3/8-16 bolt with four counter-sunk holes for #8 or #10 flat head screws.

## Mending Plate™ Part # 3020

Made from 1/8" heavy-gauge steel.

There are eight counter-sunk holes for #8 or #10 flat head screws.

Use this versatile Mending Plate for quick repairs of scenery or as fastening hardware in construction of your scenery. Can be used for attaching flats or platforms in various configurations
